Warm, Cozy Getaway

Whether visiting on the weekend or home for the holidays, this family's daughter will always have a bathroom to call her own. High-gloss, caramel-colored walls radiate warmth in the cozy space. Here she can enjoy the custom vanity and the oval, hand-painted mirror as she prepares to meet friends for dinner.

Or, on a quiet night, she can draw a hot bath and hide from the world behind a scalloped shower curtain the color of the deep blue ocean. This wonderful getaway offers a sense of solitude.

Pebbles Glenn launched her Atlanta firm, Design Matters, in 1997. A native of Charlotte, NC, she enjoys working with clients in Georgia and the Carolinas. Most of her work is in residential renovation and new construction.

PARTICIPATION & RECOGNITION: A Pawley's Island project published in *Charlotte Magazine*, 2005, another feature scheduled for a 2007 issue of *Coastal Living*; instructor, interior design classes, The Art Institute of Atlanta and design seminars for The Junior League of Atlanta.
